

LINING HEADER

Lining tape is used to attach linings to curtains. Linings protect curtain damage, provides light, sound isolation and adds bulk to the curtaining.

The lining tape has a double skirt sandwich enabling tape to be applied with only one row of stitching. There is no need to hem the top of the lining. The lining tape is detachable, allowing for separate removal for cleaning. Fabric shrinkage will not affect the curtain.

- Choice of packaging – wound onto rolls or lap-folded.

QUALITY ASSURED

BENEFITS OF LINING TAPES

- Choice of packaging – wound onto rolls or lap-folded
- Printed tape – promotes company brand awareness
- Heat finished or starched – reduce shrinkage during cleaning
- Superior tape performance – excellent quality and inspection processes
- Diverse product range – many choices in styles, widths and pleating effects

- Used with tracks or rods
- Suitable for linings
- Multiply the fabric by 1.5 - 2 times the track/ rod width
